

Welcome to our Values School Summer Term

This half term, January and February, we are looking at the Values of
Friendship (linked with Love)

Friendship

What it is that makes a friendship? Being kind, caring and considerate is certainly part of friendship. We will find out that to be a good friend it is important to share, listen, make positive comments, be helpful and show that you can be trusted. It is good to have fun with our friends.

Out of school, we enjoy spending time with our familiar friends and are aware of how to keep safe and play sensibly when going to the park or play area.

We think about how to ensure safety online, whether using a phone, tablet or computer to contact/play with friends. It is important to understand that we should only talk to familiar friends and not to give out any personal information over the internet.

Books we are using to help with our Value of Friendship -

If you notice your child being a good friend, please let us know through the home school diary.
