

Welcome to our Values School  
Autumn Term 2

This half term we are looking at the Values of **Happiness** (linked with Humour)

### Happiness

We will be thinking about:

- How to make our school a happy place
- How to express what makes me happy
- How to make other people happy
- How to cope when I am not feeling happy and know how to get help
- To understand that some people prefer different types of humour and that is okay
- How to have fun and be happy!

Each Wednesday, in meeting, we celebrate 'Bucket of Happiness' where children can share who has made them happy and help to fill a bucket for the school. We offer Well Being Workshops each week for children to access and join in activities to help spread happiness.

If you notice your child sharing happiness at home, please let us know through the home school diary.
